QCBS EVALUATION OF TECHNICAL BID

GIC Re at its sole discretion may nominate a committee of its executives who will evaluate the technical proposals on the basis of responsiveness to the terms & conditions of the tender, applying the evaluation criteria, sub-criteria, and point system specified in the Tender. Each responsive proposal will be given a technical score.

GIC Re shall evaluate each technical proposal taking into account various criteria as mentioned under QCBS. Each criterion shall be marked as per the documentary evidence by the bidder, out of the weights assigned. Then the total points shall be weighted to become technical scores.

Following would be the parameters to be judged in the technical evaluations:

1. Evaluation Methodology

The evaluation of the bids will be a two-stage process based on Quality-cum-Cost Based Selection ("QCBS") method.

Technical bids will be evaluated for various parameters as specified hereinafter and the marks secured by bidders in technical evaluation will be considered for the next stage i.e., opening of Commercial Bids.

The Commercial Bids will be evaluated by assigning a score of 100 to the lowest quoted price ("LQP") and the scores for Quoted Prices ("QP") of the other qualified bids will be normalized as under:

Normalized Financial Score of a Bidder = $100 * \text{LQP} / \text{QP}$

The scores of the Technical and Financial Bids will be assigned weights as under:

Technical Score: 70%; Financial Score: 30%

The total scores (Technical + Financial) arrived at as above will be ranked in descending order (H1, H2, H3...) and the bidder with H1 score will be recommended by the Evaluation Committee for selection to the Competent Authority.

2. Technical Evaluation

The scoring methodology for technical bid components is explained in the following paragraphs.

The proposal submitted by the Bidders shall, therefore, be evaluated on the following parameters:

Sr. no.	Parameters	Maximum Marks
1.	Experience of the Firm: <ul style="list-style-type: none">• 0 Years to 10 Years – 0 Marks• 11 Years to 15 Years – 5 Marks• 16 Years to 20 Years – 10 Marks• 21 Years to 25 Years - 15 Marks• 25 Years and above – 20 Marks	20

GIC Re reserves the right to modify / amend the evaluation process at any time during the Bid process, without assigning any reason, whatsoever, and without any requirement of intimating the Bidders of any such change. Any time during the process of evaluation, GIC RE may seek specific clarifications from any or all the Bidders. GIC Re's decision in this regard shall be final & binding and no further discussion/interface will be held with the Bidders whose bids are technically disqualified/rejected.

3. Commercial Evaluation

The commercial bids for the technically qualified Bidders will be opened and reviewed to determine whether the commercial bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at GIC Re's discretion. **The total cost for the purpose of evaluation shall be calculated over the contract period of Three (3) years.**

4. Final selection

Final Selection will be based on QCBS Evaluation Process which is explained as under:

5. QCBS Evaluation Process

Commercial bids will be subjected to CQCCBS evaluation process. Under CQCCBS (Cost Evaluation under Combined Quality cum Cost Based System), the technical proposals will be allotted weightage of 70% while the financial proposals will be allotted weightage of 30%. Proposal with a lowest cost may be given a financial score of 100 and other proposals given financial scores that are inversely proportional to their prices. The total score, both technical and commercial/financial, shall be obtained by weighing the quality and cost scores and adding them up.

Highest marks basis: On the basis of the combined weighted score for quality and cost, the bidders shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The proposal securing the highest combined marks will be ranked H-1 and shall be recommended for award of contract.

As an example, the following procedure can be followed: -

In a particular case of selection of bidder, it was decided to have the weightage of the technical bids and commercial/financial bids as 70:30. In response to the tender, 3 proposals, **A, B & C** were received. The technical evaluation committee awarded them **75, 80 and 90** marks respectively. All the 3 proposals were, therefore, found technically suitable and their commercial/financial proposals were opened after notifying the date and time of bid opening to the successful participants. The price evaluation committee examined the commercial/financial proposals and evaluated the quoted prices as under: Prices Quoted by the qualified bidders.

A: Rs.120.00

B: Rs.100.00

C: Rs.110.00

Using the formula $(LEC/EC) *100$, where LEC stands for lowest price quoted among the bidders and EC stand for price quoted by individual bidders, the committee gave them the following marks for commercial/financial proposals:

A: $(100/120) *100 = 83$ marks

B: $(100/100) *100 = 100$ marks

C: $(100/110) *100 = 91$ marks

In the combined evaluation, thereafter, the evaluation committee calculated the combined technical and commercial/financial score as under:

Proposal A: $75 \times 0.70 + 83 \times 0.30 = 77.4$ marks

Proposal B: $80 \times 0.70 + 100 \times 0.30 = 86$ marks

Proposal C: $90 \times 0.70 + 91 \times 0.30 = 90.3$ marks

The three proposals in the combined technical and commercial/financial evaluation were ranked as under:

Proposal A: 77.4 marks: H3.

Proposal B: 86 marks: H2

Proposal C: 90.3 marks: H1

Proposal C at the evaluated cost of Rs.110.00 was, therefore, declared as winner and shall be recommended for award of contract, to the competent authority.

It is pointed out that the above is merely an illustration.
