(Flag-A)

Based on the above, While preparing the Draft BOQ Bid on the Government e-Marketplace (GeM) portal for approval, an option appears during the bid creation process titled 'Do you want to show documents uploaded by bidders to all bidders who have participated in the bid?', which provides two choices—Yes or No.

If Yes is selected, a note appears stating:

"If selected Yes, all documents uploaded by bidders during bid participation and also submitted by buyer or bidders in clarification or representation will be made visible to all bidders at the time of publishing of technical evaluation of results."

This raises the possibility that bidders may examine each other's documents and unnecessarily point out irrelevant deficiencies, leading to unavoidable interruptions in the bidding process. In view of this concern, it appears appropriate to select *No* for this option.

However, upon selecting *No*, the GeM portal prompts for a "*Competent Authority Approval Required*" form, wherein uploading the approval from the Competent Authority becomes mandatory **(Flag-B)**.

Therefore, it is proposed that the "*No*" option be selected in the said field on the GeM portal, and necessary approval from the Competent Authority be obtained and uploaded accordingly.

The Technical Committee will identify the firms which qualify and submit its recommendations for approval to the Chairman, State Audit Committee (SAC).	qualify and submit its recommendations for <u>next level of</u> approvals.

It is also submitted that the requisite amendments have already been incorporated in the ATC to be uploaded along with the tender on the GeM portal (**Flag-B**).

In view of the above, it is requested that the proposal presented on Notesheet Page Nos. 30 to 51 may kindly be examined, and in case of agreement, approval may kindly be accorded for proceeding further in the matter.
